

V 1.1

Contents:

X1 GPS Antenna

X1 Power Adapter

X1 GPS Repeater

X1 USB Extension Cable

Installation:

Begin by connecting the antenna to the repeater. The antenna needs an unobstructed view of the sky and can be positioned in different places, such as outside the vehicle.

Install the repeater where it has a clear line of sight to the rear of the 7-inch handheld device.

Finally, power the unit using either the included wired connection or a USB power adapter (not included).
